

Munchkin Marathon Tracking Sheet

Participants name: _____

Instructions: Each rectangle represents a yellow brick, it equals 1/4 mile. Color in a brick when you have a 1/4 mile completed. When you finish a row of 4, you've completed a mile. Fill in all the bricks and that equals 25 miles! Complete all 25 miles before race day then complete the final 1.2 miles on race day to fulfill your full marathon!

This page does not need to be returned to the race staff. Please keep it, post it on your room wall or on social media. Way to go!!!

Emerald City will be filled in after the race!
